Transform Today**

# ABOUT US

We are a team of passionate professionals, technologists, and visionaries committed to empowering organizations across industries to adapt, evolve, and excel in the digital age.

At Twister Technologies, we specialize in crafting bespoke digital transformation strategies tailored to your business needs. We create value through:

- **Consultation and Strategy:** We work closely with businesses to understand their objectives, challenges, and opportunities, devising robust strategies that align technology with business goals.
- **Technology Integration:** Leveraging the latest advancements in AI, machine learning, IoT, cloud computing, and more, we implement transformative solutions that optimize operations, enhance customer experiences, and drive innovation.
- **Change Management:** We guide businesses through the complexities of digital change, offering support and expertise to ensure a smooth transition and maximize the benefits of new technologies.

## OUR VISION

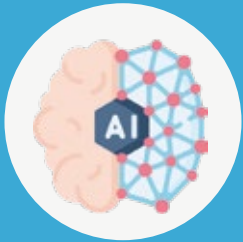

To empower businesses through digital transformation by leveraging advanced technologies and providing innovative solutions.

## OUR MISSION

To be the catalyst for our clients' digital evolution, providing cutting-edge solutions and expertise that drive efficiency, enhance customer experiences, and unlock new opportunities for growth.

We are committed to delivering transformative digital strategies, fostering a culture of continuous innovation, and ensuring our clients stay ahead in an ever-evolving technological landscape.

## ARTIFICIAL INTELLIGENCE

Twister Tech. specializes in leveraging Artificial Intelligence (AI) technologies to redefine business landscapes across sectors.

Our commitment lies in deploying AI as a strategic enabler, driving businesses towards efficiency and innovation.

Our AI Services offer a comprehensive suite of solutions, ranging from predictive analytics to machine learning, RPA, AGV, and ChatGPT.

By customizing AI solutions to seamlessly integrate into existing operations, we empower businesses to make data-driven decisions, automate processes, and scale operations with unprecedented precision.

# ARTIFICIAL INTELLIGENCE

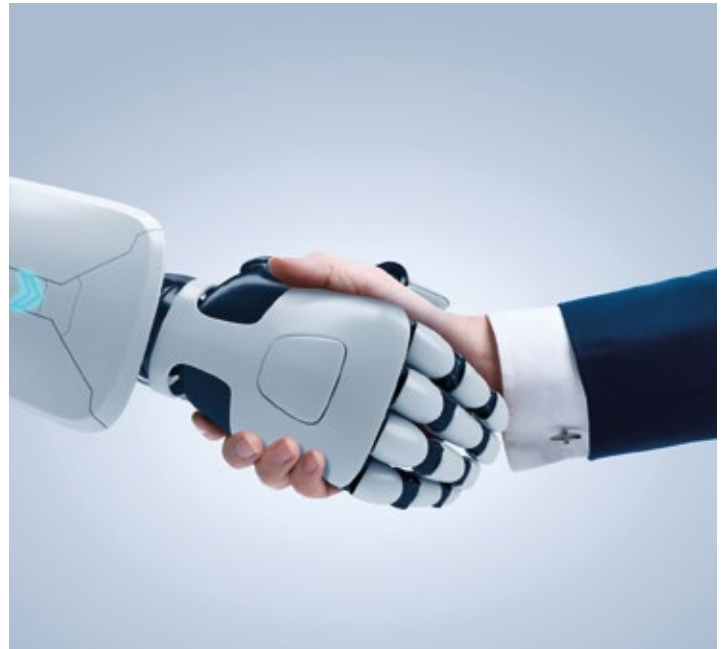

## RPA

Step into a world of enhanced productivity with our cutting-edge Robotic Process Automation (RPA) Services.

Our dedicated team specializes in streamlining your business operations by identifying repetitive tasks and deploying custom automation solutions. From data entry to optimizing workflows, our RPA Services are designed to elevate efficiency and accuracy, allowing your workforce to focus on higher-value initiatives.

At Twister Tech., what sets us apart is our tailored approach to automation. We delve deep into your workflows, identifying opportunities for optimization and deploying precise automation strategies.

With our RPA Services, envision a future where your business operates at peak efficiency, freeing resources and driving innovation.

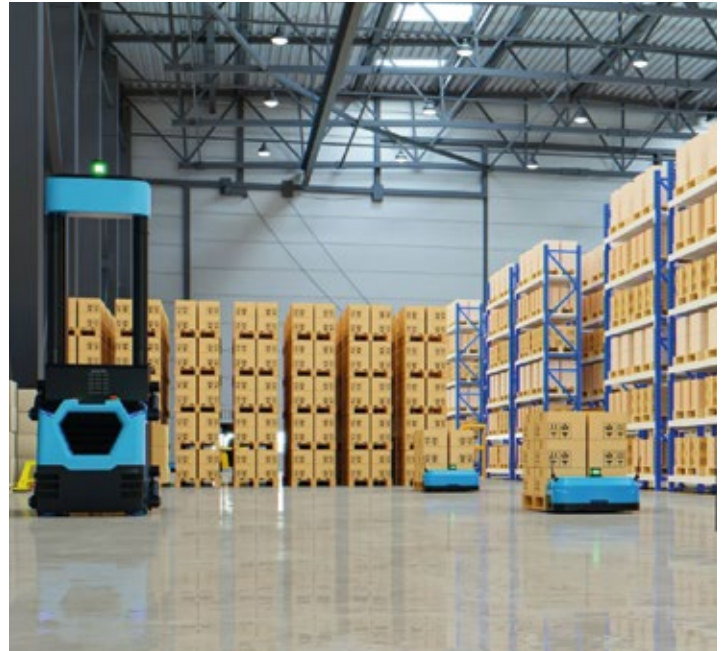

# ARTIFICIAL INTELLIGENCE

## AGV

We specialize in implementing Automated Guided Vehicle (AGV) solutions designed to reshape the way businesses operate.

Our mission is to optimize logistics, drive productivity, and streamline operations through tailored AGV services.

Picture a comprehensive suite of AGV solutions crafted to suit your specific industry needs. From navigating intricate warehouse setups to optimizing material movement in manufacturing or distribution centers, our AGV offerings epitomize automation at its finest. Whether it's Forklift AGVs, Unit Load AGVs, Tow AGVs, or Assembly Line AGVs, our services cater to diverse operational requirements.

## APPLICATION SERVICES

Our services excel in offering ready and tailor-made software solutions. Software development, implementations, and integrations lie at the heart of our offerings, ensuring that your business receives applications aligned with your unique requirements.

Furthermore, our services extend beyond mere software; they encapsulate a holistic approach to your digital success. We prioritize user-friendly interfaces, training, and ongoing support, ensuring a smooth transition and maximum adoption across your organization.

In essence, our Business Application Services redefine the operational landscape of your business, sculpting tools that become the driving force behind your business's growth, efficiency, and success in the digital age.

## APPLICATION SERVICES

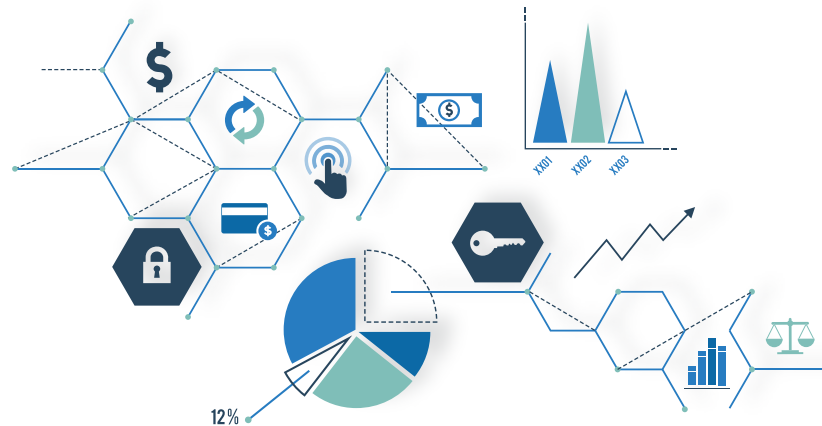

At Twister Tech., we provide application services related to the below areas:

- Wholesale and Distribution
- Retail and Point of Sale
- Customer Relationship Management
- Supply Chain Management
- Warehouse Management System
- Accounting and Finance
- Document Management System
- Human Resource Management
- Online Event Solution
- Customized Web applications
- Tailor-made Mobile applications

## BUSINESS INTELLIGENCE

The BI platforms we implement leverage the latest advancements in data analytics, providing actionable insights that drive informed decision-making.

From predictive analytics to real-time reporting, we unlock the power of data, using SAP Analytic Cloud and Ms. Power BI solutions, enabling you to anticipate trends, optimize processes, and stay ahead of the curve in your industry.

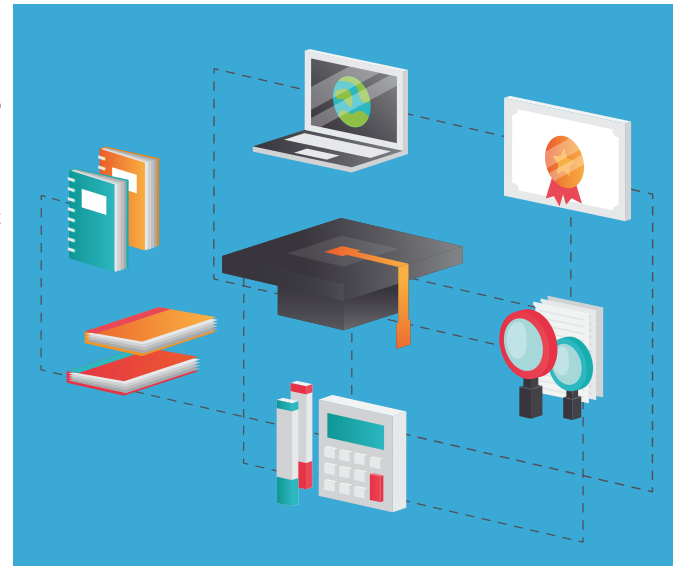

# EDUCATIONAL SOLUTIONS

## School Management System

Twister School Management System is a comprehensive solution designed to streamline every aspect of school operations, enhancing efficiency and driving academic excellence. The system integrates administrative tasks, academic management, and communication within one unified system. It simplifies student enrollment, class scheduling, and grading, ensuring educators spend more time on teaching and less on administrative tasks.

Moreover, our system prioritizes seamless communication between teachers, students, and parents. It offers intuitive portals for teachers to upload assignments, for students to access learning materials, and for parents to stay updated on their child's academic progress. Embrace efficiency and collaboration with our School Management System, empowering educational institutions to navigate today's educational landscape with ease and excellence.

## EDUCATIONAL SOLUTIONS

Our cutting-edge Learning Management System stands as a comprehensive educational platform, designed with the latest technology and an intuitive graphical interface.

This dynamic solution facilitates the administration, documentation, and delivery of educational courses and training programs, ensuring efficiency and effectiveness.

Boasting a user-friendly interface and a feature-rich client portal for course management, alongside a robust dashboard for streamlined oversight of courses, finances, reports, appointments, and more, our LMS empowers users to harness knowledge as a catalyst for personal and professional growth.

# DIGITAL COMMERCE

## B2B Solution

Our B2B solution offers user-friendly features and a multitude of adjustable variables, allowing monitoring and control of every facet of the website. From managing users, products, vendors/stores, to overseeing payments, our backend offers unparalleled control and flexibility.

Twister B2B is a solution that transcends borders, overcoming geographical limitations with multi-currency support and a global reach. Collaborate with partners across continents, expanding your market reach and conquering new territories with ease. We foster streamlined interactions, enhancing client relationships and optimizing supply chain management.

Our solutions are equipped with robust analytics, offering insights that illuminate pathways to success. Make informed decisions, steer your business in the right direction, and harness the future with tools designed to adapt and scale alongside your ambitions. Experience comprehensive control and more with our B2B solution – where every detail is managed with ease and precision.

# DIGITAL COMMERCE

## B2C Solution

Our suite of E-commerce websites transforms the way businesses engage in online sales. Our solution caters to any business, facilitating seamless product showcasing, competitive pricing, enticing offers, promotions, and a streamlined purchasing experience for customers.

What sets our E-commerce platform apart is its versatility. We provide multiple E-commerce plans tailored to various business needs, including exclusive plans designed for enterprises seeking customized solutions. At Twister, we've developed a comprehensive, adaptable platform that revolutionizes your control:

- Customize the design effortlessly
- Swiftly update product information
- Seamlessly manage orders and deliveries
- Organize and leverage customer data effectively
- Access organized reports and invaluable insights

We don't merely offer products; we offer effective solutions. Experience the difference with Twister – where innovation meets unrivaled efficiency in E-commerce.

# TECHNOLOGY CONSULTING

Experience a transformational journey with our Technology Consulting Services. Through tailored strategies and expert guidance, we craft roadmaps that align technology with your unique business goals, whether it's optimizing IT infrastructure, implementing cutting-edge solutions like cloud computing or ERP systems or AI.

At our core, we prioritize actionable insights and hands-on support to drive growth, efficiency, and resilience.

Our Technology Consulting Services are a fusion of expertise and innovation, designed to propel your business toward digital excellence.

With us by your side, anticipate a future where technology isn't just a tool but a transformative force. Let's collaborate and chart a course that unlocks your business's full potential in today's dynamic tech-driven landscape.

## DIGITAL MARKETING SERVICES

At Twister, we guide your brand with our innovative designs and strategic marketing approaches. Our goal is to help your brand establish a distinctive identity, integrating it into both digital and physical realms. Let us elevate your business to new heights, blending creativity and strategy to create a brand that resonates across platforms.
